LIGHT WELLS

In West Virginia Oil Fields with Well at Wallace Reported the Best One.

Light wells are the result of late completions in the West Virginia fields. The best well reported is the Parish and Grove's test on the K. W. Ogden farm located near Wallace in Saratoga district, this county. The first five hours after it was drilled into the Gordon sand pay it placed 69 barrels to its credit. In the same locality the Proved Oil and Gas Company is due in the sand at a second test on the F. M. Harbert farm. The Barnes Run Oil and Gas Company is due in the sand at a test on the James Wallace farm.

ONE MILLION

Red Cross Seals Are Received from New York as the First Installment.

CHARLESTON, Nov. 19.—From Red Cross Seal headquarters in Charleston comes the information that one million of the seals have been received from New York as the first installment to all the orders now in the office. It is expected that later an additional million will have to be ordered to take care of the orders that are coming in rapidly from all parts of the state.

With each order of seals sent out from headquarters will be sent a supply of advertising material consisting of advertising cards, "for sale here" signs, blotters, envelopes, newspaper cuts, etc. This material is part of the advertising material which is supplied free to agents in order to arouse local interests in the sale.

The seal this year is oblong, about the size of the parcel post stamp, with a border of holly. The panel consists of a picture of Santa Claus and his eight tiny reindeer, with a background of snow capped mountains behind which is seen the Aurora Borealis.

The Anti-Tuberculosis League of West Virginia, which is acting as state agent for the sale, feels much encouraged at the great interest which is being evinced in all parts of the state and the fine support they are receiving in their efforts to have the seals sold in every community however large or small.

The shipment of seals to the various agents has already begun and it is expected that by the end of the week all the agents who have so far consented to serve will have their supplies of seals and advertising material.

EIGHT DRUNKS.

There were eight drunks arraigned before Mayor Will H. Cole at the morning session of police court. Three of the offenders paid fines, while the remaining five were put to work with brush and broom around the station house.

FEED

More Phosphorus and Less Protein!
"Hen-o-la" Dry Mash

Fed in conjunction with

"Hen-e-ta" "Succulenta"

Requires Absolutely Nothing Else

Because the three make a complete balanced ration, rich in phosphorus.

The Lack of Stamina and Vitality in the birds is the cause of 95% of the failures in the poultry business. Therefore, see to it that you are one of the successful 5% this year by putting your birds on this economical scientific feed system that produces Stamina and Vitality; convince yourself by giving it a thorough trial.

Let us send you report from Prof. Horace Atwood, of Morgantown, W. Virginia, Exp. Sta., who is one of the highest authorities on poultry husbandry. He has fed 31,200 lbs. "Hen-o-la" during past four years and is still feeding same.

The above system makes poultry-keeping wonderfully simple and cheap. If your dealer will not supply you, please write us for full information and prices on "Hen-o-la," "Hen-o-la" Dry Mash and "Succulenta" tablets—green food substitute.

GOOD REASONS.

I wish to call the attention of my friends and patrons to the fact that I do not have a substitute. I do not employ nor send out a man. I am the artist here in this studio. I personally transact all of my business and make all of my sittings, in the studio or out of it. I also desire to thank those customers who have so liberally and kindly recommended my work to their friends. Practically every one, especially those who buy high class photos, remark that they are the best they have ever had taken. I understand how to make them good and that always pleases not only the sitter but those who are fortunate enough to receive one of them as gifts. This is the very reason why you should have your photos made at the "Our Way" Studio by MRS. M. E. RARICK.
